1. ABOUT THE COLLEGE

Sriram Engineering College (SREC) is a leading institution in Tamil Nadu of superior standard. It was established in 1993 at Perumalpattu Village, near Veppampattu Railway station, Tiruvallur district. Sriram Educational Trust was established in the year 1983 by Thiru. M. E. Devarajan, Founder Chairman. The constituent institutions of Sriram Educational Trust are Sriram Engineering College, Sriram Polytechnic College, Sriram College of Arts & Science, Sriram Vidya Mandir Matriculation Higher Secondary School and Sriram Vidya Mandir (CBSE) School.

Sriram Engineering College was instituted in the year 1993 with the vision to provide an atmosphere that facilitates personal commitment to the educational success of students in an environment that integrates global awareness, communication skills and team building across curriculum. The College offers 6 undergraduate courses and 2 postgraduate courses and it has grown from strength to strength with all resources, infrastructure and facilities in imparting technical education especially to the oppressed people in rural areas. The Board of Trustees of Sriram Educational Trust includes Dr.R.Narayanasamy, Chairman, Thiru. S. Audiseshiah, IAS (Retd.), Dr. P.Govindarajulu, Dr. S. Sumathi, Thiru. M. D. G. Rajkumar, Secretary and Tmt. Kasthury Parthasarathy. Sriram Engineering College is making great strides in achieving excellence in technical education in the past two decades.

The College has produced 7 University Gold Medalists and 88 University Rank Holders and shaped 9881 dynamic Engineers and Technocrats since its inception. Our Alumni are spread globally and have occupied premier positions taking their Alma mater to glorious heights. Keeping up with this well-established tradition, the college is providing excellent placement consistently.

The College is affiliated to Anna University, Chennai and approved by AICTE, New Delhi. The College is ISO 9001:2015 certified.

The College is situated in a vast campus of about 35 acres in Perumalpattu Village in sylvan surrounding located closely to Veppampattu Railway station on Chennai Central-Arakkonam Railway line. In addition, the college runs its own buses for transporting students from all parts of the city.

The College has sufficient number of highly qualified and well experienced faculty members to impart quality education to students admitted in various branches of Engineering and Technology. The prime objective of Sriram Engineering College is to facilitate a conducive ambience and infrastructure to develop professional skills and nurture innovation in students.

VISION

To become a Multidisciplinary Technological Centre of Academic Excellence in its myriad forms to meet the needs and demands of the futuristic society.

MISSION

12. ALUMNI ASSOCIATION

Alumni Association took shape during April 1998 with the first batch of the UG students showing keen interest. The objective of the association is to bring the old students of Sriram Engineering College into one forum for the dissemination and exchange of their experience, knowledge and talents amongst the members and the present students of our college. The Alumni of our college have been placed in various leading industries and institutions. Some of the major industries / institutions include

- Hexaware Technologies, Chennai.
- Accenture Service Pvt. Ltd., Bangalore.
- Satyam Computers, Chennai.
- Infosys Technologies Ltd., Chennai.
- Tata Consultancy Services, Chennai.
- Wipro Technologies, Bangalore.
- Dell Computer, Bangalore.
- HSBC Bank, Chennai.
- Chennai Petroleum Corporation Ltd., Chennai.
- Larsen & Turbo Ltd., Kolkata.
- Oracle Corporation, Bangalore.
- Hyundai Motors, Chennai.
- ABN – AMBRO Bank, Bangalore.
- Ford India Pvt. Ltd., Chennai

- Caterpillar India Private Limited, Chennai
- Ashok Leyland, Chennai
- Combat Vehicles Research & Development Establishment, Chennai
- Hyundai Motor India, Chennai
- College of Engineering Guindy, Anna University, Chennai

Our Alumni have played a vital role in the Admissions and the Placements of our college. They have been a part of the overall development of our college as resource persons and support for industrial visits, in plant trainings and projects etc.

13. STUDENT WELFARE

VALUE ADDED COURSES

To improve and enhance the overall personality of the students, the college conducts the following Value Added courses in various fields like Specialized Computer Software tools like Electrical CAD for Electrical Engineering, Design tools for Automobile & Mechanical Engineering. Simulation tools for Chemical Engineering and Electronics & Communication Engineering. The college offers Communication Skills, Spoken English and Personality Development with collaboration of industries. The college also offers highly noteworthy courses like CCNA (CISCO Certified Network Associate) IT essentials and Routing & Switching and CREO 3.0, ANSYS, MAT lab. This

Training is scheduled in every semester. The students participate with keen interest to enhance their skills and knowledge. This training is given under the guidance of qualified technical trainers from reputed Industries. The department of English also organizes BEC course for students to enhance their communication skills. People are invited from reputed concern to train students for BEC exam. Our College has membership in NPTEL & MOOCs(open online courses) for staff and students to enrich their quality and knowledge.

COUNSELING

Student counsellor is available in the campus to address the psychological and behavioral issues (or) problems of the students. Faculty members can refer the students to the counselor to render support.

Students will be divided into groups and each group will be placed under the guidance of a faculty member. The faculty member will be monitoring the students' progress in studies, attendance, conduct and health. The students may freely approach their faculty members for guidance and advice. The faculty members will constantly keep in touch with parents of the students regarding their progress.

SCHOLARSHIP

The students of this college are utilizing benefits of all Government scholarships. The Management is also magnanimous to sanction scholarships to the meritorious students, financially backward students and the wards of the staff members.

BRIDGE COURSE

Before the commencement of regular classes Bridge course in Mathematics, Physics and English are conducted for the First Year students to enhance the comprehension of the subject. The refresher course will act as a buffer for the new entrants and provide adequate time for transition to Engineering courses. These courses aim at bridging school education and Engineering education.

STUDENT INDUCTION PROGRAMME

Transition from school to university/college life is one of the most challenging events in a students' life. The term induction is generally used to describe the whole process whereby the incumbents adjust to or acclimatize to their new roles and environment. In other words, it is a well-planned event to educate the new entrants about the environment in a particular institution, and connect them with the people in it.

When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. An important task, therefore, is to welcome the new students to Higher Education and prepare them for their new role. Student Induction is designed to help in the whole process.

Students Induction covers the following aspects (SAGE):

Socializing: Meeting other new students, senior students, students union, Lectures by Eminent People.

Associating: Visit to University / college, visit to Dept. / Branch/ Programme of study & important places on campus, local area, city and so on.

Governing: Rules and regulations, students' support, etc.

Experiencing: Subject lectures, study skills, small-group activities, physical activity, creative and performing arts, literary activities, universal human values, etc.

List of activities to be included:

1. Physical Activity
2. Mentoring
4. Familiarization to Dept. /Branch.
5. Creative Arts and Culture
6. Literary Activity
7. Lectures by Eminent People
8. Visits to Local Area
9. Extra-Curricular Activities in College

Mentoring is based on Universal Human Values such as, Truth, Righteous Conduct, Love, Non-violence and Peace. It can act as an anchor or pivot of the induction and helping in developing self-awareness, sensitivity, feel of equality, compassion and oneness. Students' attention need is to be drawn to society and nature. Helping them to reflect on their relationship with their families and peers, which is extended to the college as a family and connects the students among themselves and with their lecturers, so that they can share any difficulty at any level they might be facing and seeking the help.

17. SYSTEM OF UNIVERSITY EXAMINATION (R 2013)

Performance in each course of study shall be evaluated based on continuous internal assessment throughout the Semester and University Examination at the end of the semester.

Each course, both theory and practical (including project work & Viva voce Examinations) shall be evaluated for a maximum of 100 marks. For all theory and practical courses including project work, the continuous internal assessment will carry 20 marks, while the End semester University Examination will carry 80 marks.

The above continuous assessment shall be awarded as per the procedure given below:

- **THEORY COURSES**

Three test each carry 100 marks shall be conducted during the semester by the department / college concerned. The total marks obtained in all tests put together out of 300, shall be proportionately reduced for 20 marks and rounded to the nearest integer.

- **LABORATORY COURSES**

The maximum marks for Internal Assessment shall be 20 in case of practical courses. Every practical exercise / experiment shall be evaluated based on conduct of experiment / exercise and records maintained. There shall be at least one test. The criteria for arriving at the internal assessment Marks of 20 is as follows: 75 marks shall be awarded for successful completion of all the

prescribed experiments done in the Laboratory and 25 marks for the test. The total mark shall be reduced to 20 and rounded to the nearest integer.

18. GRADING SYSTEM (R 2013)

All assessment of a course will be done on absolute marks basis. However, for the purpose of reporting the performance of a candidate, letter grades, each carrying certain number of points, will be awarded as per the range of total marks (out of 100) obtained by the candidate in each subject as detailed below:

Letter grade	Grade Points	Marks Range
S	10	91 - 100
A	9	81 – 90
B	8	71 – 80
C	7	61 – 70
D	6	57 – 60
E	5	50 – 56
U	0	< 50 Reappearance
I	0	Inadequate attendance
W	0	Withdrawal from the course

Grade point Average (GPA)

GPA for a semester is the ratio of the sum of the products of the number of credits for courses acquired and the corresponding points to the sum of the number of credits for the courses acquired in the semester.

GPA = Sum of [Credits acquired X Grade points] / sum of Credits acquired.

Cumulative Grade Point Average (CGPA)

CGPA of all courses enrolled from first semester onwards “U”, “T”, “W” grades will be excluded for calculating GPA and CGPA.

$$CGPA = \frac{\sum_{i=1}^n C_i GP_i}{\sum_{i=1}^n C_i}$$

Where C_i is the Credits assigned to the course.

GP_i is the point corresponding to the grade obtained for each Course.

n is number of all courses successfully cleared during the particular semester in the case of GPA and during all the semesters in the case of CGPA.

19.SYSTEM OF UNIVERSITY EXAMINATION (R2017)

Performance in each course of study shall be evaluated based on (i) continuous internal assessment throughout the semester and (ii) University examination at the end of the semester.

Each course, both theory and practical (including project work & viva voce Examinations) shall be evaluated for a maximum of 100 marks.

For all theory and practical courses including project work, the continuous internal assessment will carry **20 marks** while the End - Semester University examination will carry **80 marks**.

Industrial training and seminar shall carry 100 marks and shall be evaluated through internal assessment only.

The University examination (theory and practical) of 3 hours duration shall ordinarily be conducted between October and December during the odd semesters and between April and June during the even semesters.

The University examination for project work shall consist of evaluation of the final report submitted by the student or students of the project group (of not exceeding 4 students) by an external examiner and an internal examiner, followed by a viva-voce examination conducted separately for each student by a committee consisting of the external examiner, the supervisor of the project group and an internal examiner.

For the University examination in both theory and practical courses including project work the internal and external examiners shall be appointed by the Controller of Examinations.

PROCEDURE FOR AWARDING MARKS FOR INTERNAL ASSESSMENT

For all theory and practical courses (including project work) the continuous assessment shall be for a maximum of 20 marks. The above continuous assessment shall be awarded as per the procedure given below:

- **THEORY COURSES**

Three tests each carrying 100 marks shall be conducted during the semester by the Department / College concerned. The total marks obtained in all tests put together out of 300, shall be proportionately reduced for 20 marks and rounded to the nearest integer (This also implies equal weightage to all the three tests).

- **LABORATORY COURSES**

The maximum marks for Internal Assessment shall be 20 in case of practical courses. Every practical exercise / experiment shall be evaluated based on conduct of experiment / exercise and records maintained. There shall be at least one test. The criterion for arriving at the Internal Assessment marks of 20 is as follows: 75 marks shall be awarded for successful completion of all the prescribed experiments done in the Laboratory and 25 marks for the test. The total mark shall be reduced to 20 and rounded to the nearest integer.

20. GRADING SYSTEM (R 2017)

All assessments of a course will be evaluated on absolute marks basis. However, for the purpose of reporting the performance of a candidate, letter grades, each carrying certain number of points, will be awarded as per the range of total marks (out of 100) obtained by the candidate in each subject as detailed below:

Letter Grade	Grade Points	Marks Range
O (Outstanding)	10	91 - 100
A + (Excellent)	9	81 - 90
A (Very Good)	8	71 – 80
B + (Good)	7	61 – 70
B (Average)	6	50 - 60
U	0	<50
SA (Shortage of Attendance)	0	
W	0	

Grade Point Average (GPA)

GPA for a semester is the ratio of the sum of the products of the number of credits for courses acquired and the corresponding points to the sum of the number of credits for the courses acquired in the semester.

Cumulative Grade Point Average (CGPA)

CGPA will be calculated in a similar manner, considering all the courses registered from first semester. RA grades will be excluded for calculating GPA and CGPA.

$$\text{GPA / CGPA} = \frac{\sum_{i=1}^n C_i GP_i}{\sum_{i=1}^n C_i}$$

Where **C_i** is the number of Credits assigned to the course **GP_i** is the point corresponding to the grade obtained for each course **n** is number of all courses successfully cleared during the particular semester in the case of GPA and during all the semesters in the case of CGPA.
