Teaching - Learning in the Pandemic COVID-19

Due to lockdown imposed by the Government, as a precautionary measure against the spread of COVID 19, classes have been suspended since 16th March 2020. But the Institution was quick to adapt to online teaching learning methodologies and a number of activities have been conducted since then through online mode. Also the examinations for the final year Batch of 2020 has been conducted by the University in the online mode successfully.

Classes and Assessment for the Odd semester 2020-21 was fully conducted in the online mode as per the directions of the University and students have been trained to take up the ensuing online proctored University exam November 2020-21 through model exam. In addition to this, all departments have conducted several webinars, Guest Lectures and attended number of training programmes, FDP's and conferences online. The Institution has ensured that there is continuation of the teaching learning process to the students inspite of the problems caused by the pandemic.
